

ENGAGE FOR SUCCESS

WE ARE A GROWING, DYNAMIC, VOLUNTARY MOVEMENT PROMOTING EMPLOYEE ENGAGEMENT AS A BETTER WAY TO WORK THAT BENEFITS INDIVIDUAL EMPLOYEES, TEAMS, AND WHOLE ORGANISATIONS.

WHAT WE BELIEVE

- Everyone working in the UK should want, and be able to give, their best every day so that every day is a great day at work and UK workplaces are thriving, growing and developing through the commitment, energy and creativity of the people that work in them
- Employee engagement drives measurable improvement in performance, creativity and innovation
- The next generation of successful organisations will be those that free the potential of people within them

WHAT WE DO

- We connect like-minded people, communities, experts and leaders
- We drive thinking about employee engagement and how it enhances performance and productivity, by providing evidence, case studies and points of view
- We support people in the workplace with practical tools and ideas

WHAT WE WANT

We want to grow awareness about the power and potential of employee engagement, encourage people to think more about it and provoke them to take action where they work.

HOW WE DO IT

- By being an inspirational force for change
- Making the movement inclusive, practical and accessible
- Using the website as a learning system with practical tools and ideas as well as case studies and blogs to inspire people
